

This listing of claims will replace all prior versions, and listings, of claims in the application:

***Listing of Claims:***

1. (Original) A nozzle comprising an air outlet aperture across which there is situated at least one thermal-capacitance element to moderate changes in temperature of air exhausted through the nozzle.
2. (Original) The nozzle of claim 1 wherein the element has opposed ends and the outlet aperture has slots therein into each of which a respective said opposed end is received.
3. (Original) The nozzle of claim 1 comprising a pair of said elements in parallel spaced-apart interrelationship.
4. (Original) The nozzle of claim 1 wherein the element is made of a material selected from the group consisting of ceramic, metal and glass.
5. (Original) The nozzle of claim 1 being formed integrally with a hairdryer body.
6. (Original) The nozzle of claim 1 being formed as an attachment for a hairdryer body.

7. (Amended) The nozzle of claim 5 ~~or claim 6~~ having comb teeth extending from the outlet aperture.

8. (New) The nozzle of claim 6 having comb teeth extending from the outlet aperture.
